

# Brenda's Summer Getaway

Ocean air, local adventures, and memorable moments on the Oregon Coast

\* SUMMER ADVENTURES • OREGON COAST • COMMUNITY SPOTLIGHT \*

**There must be something in the air this time of year.**

Our CHI folks certainly seem to be hearing the coast calling—and who can blame them? When summer heats up in the Valley, cool ocean air can be exactly what you need.

Recently, Brenda and her staff, Tina, packed up and headed to the Oregon Coast for their own summer getaway—and judging by the pictures, they had a wonderful time!

## Along the Water's Edge

There was plenty of time to enjoy the beautiful coastline, breathe in that fresh ocean air, and take in the views. The Oregon Coast may not always promise sunshine, but it knows how to deliver a beautiful backdrop for making memories. And Brenda's smile says it all!

## Sun, Snacks & Seaside Stops

The trip wasn't all sightseeing, either. Brenda got in some swimming, enjoyed

good food, explored some fun local spots, and even found time to hang out with Elvis! Now that's a vacation with a little bit of everything.

*“The best parts of a getaway are often the laughs, discoveries, shared meals, and little moments along the way.”*

Some of the best parts of a getaway aren't necessarily the things on the itinerary. They're the laughs along the way, discovering something unexpected, sharing a meal, taking a picture, and simply enjoying a change of scenery with someone you know well.

### Memories Made Possible

A big thank you to Tina for helping make Brenda's coastal adventure such a fun one. Trips like these take planning and preparation, and we appreciate our staff who put in the extra effort to make special experiences and wonderful memories possible.

**Here's to more summer adventures before the season slips away! ☀**
