

Mitchell Makes a Day of It at Pioneer Park

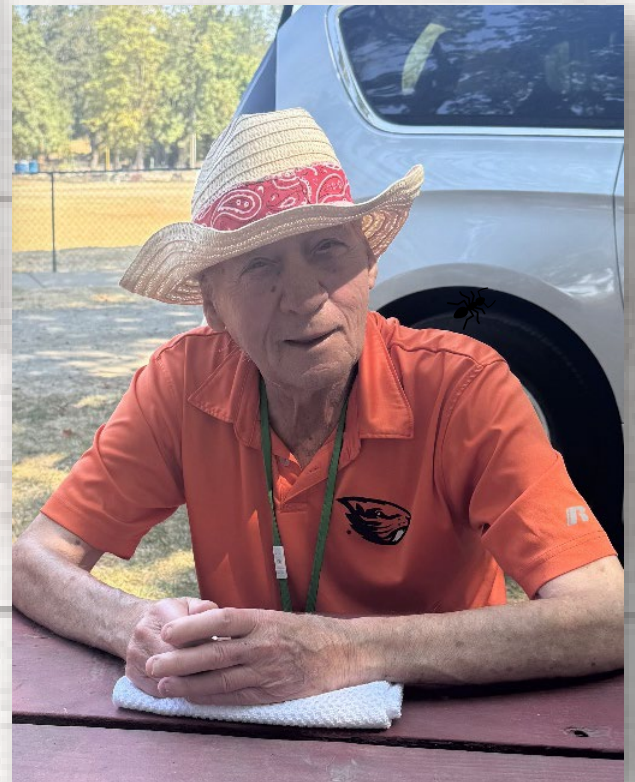

Mitchell staff and residents recently packed up lunch and headed south to Pioneer Park in Brownsville for a local day trip filled with good food, fresh air, and plenty of conversation.

Located along the Calapooia River, Pioneer Park is one of those nearby places that feels like a destination without requiring a long journey. Its towering trees, broad stretches of shade, picnic areas, and riverside setting have made it a favorite

gathering place in historic Brownsville. The park also features an amphitheater, playground, sports areas, and plenty of room to explore.

The Mitchell group settled around the picnic tables beneath the trees and enjoyed lunch together.

They enjoyed  sandwiches and snacks, cold drinks, and relaxed conversation. With the shade of the

trees overhead and the fresh air all around, it was simply nice to slow down and enjoy being outdoors together.

The photos captured smiles around the table, a few fun hats, and some especially  sweet moments between friends.
